Did you know our District 26 senator, Chuck Thomsen has been a volunteer firefighter for 35 years? He, along with Representative Jeff Helfrich (R-52) spoke at the dedication of the new Sandy Fire Station finally completed after 2 long years of construction.

A good reminder for those traveling this Summer. Please save all those hotel sized bars of soap and small containers of shampoo, conditioner and lotion. Bring them to our September 12 meeting as part of MHRW community service project for the Pregnancy Resource Center.

The Boring Oregon Vietnam Veteran's Memorial is finally finished. After 3 years of community fund raising, under the leadership of Steve Bates, a beautiful memorial was erected in honor of the 41 Clackamas County residents who lost their lives in this war. It is truly beautiful and will be lighted from dusk to dawn. The Dedication Service will take place Friday, September 21, 2018, 2 pm at Boring Station Trailhead Park with participation from many patriotic organizations. For additional information and to thank Steve for his unending work, call 503-663-6271.

A point to ponder. Did you ever realize when we were young, gun laws were mostly nonexistent and gun ownership was the norm for all. I remember pickups in the school parking lot with hunting rifles in the back window. Pocket knives were used for carving wood in class. School shootings were unheard of. It stands to reason that more restrictive gun laws have not stopped this violence. Don't blame the guns, concentrate on the persons pulling the triggers.
